

We are excited to share important details about the poster presentations at the Invasive Lobular Breast Cancer (ILC) Symposium 2023. Kindly take note of the following guidelines for your upcoming poster presentation:

**Poster Dimensions and Layout:**

- Poster Board Dimensions: 4' (height) x 8' (wide)
- Please ensure that your poster is designed to fit within these dimensions, allowing optimal visibility and engagement with your content.
- To cater to diverse audiences, each poster must include a lay abstract placed above the scientific abstract. This approach ensures accessibility for attendees from various backgrounds.

**Poster Placement and Visibility:**

- Poster board numbers will be assigned near to the symposium and will be posted on the symposium website. In addition, it will be included in the official symposium abstract book.
- All posters should be affixed to poster boards at the latest by the lunch break on Thursday, September 28th.
- Kindly ensure that your poster is displayed by this time or earlier.
- Posters must be removed by the conclusion of the day on Friday, September 29th.

**Optional: Share Your Poster PDF:**

- If you have granted consent for your poster to be displayed on our symposium website, kindly submit a PDF copy of your poster prior to the symposium's commencement.
- These PDFs will be accessible to all symposium attendees on our website, expanding the reach and impact of your research.

For any further inquiries or clarifications, please feel free to contact Jagmohan Hooda ([hoodaj@upmc.edu](mailto:hoodaj@upmc.edu)).
